Château de Vezins

Where time slows, elegance reigns, and heritage breathes anew

Hidden in the heart of the Loire Valley, surrounded by storybook villages, vineyards, and the gentle lull of the French countryside, lies a rare gem - Château de Vezins. A place not just restored, but resurrected, with care, grace, and boundless devotion.

For over a decade, the Deschamps and Rozon families have poured their hearts and hands into reclaiming the Château's former glory. What began as a vision to breathe life into a sleeping beauty became a full-scale resurrection.

Every detail of the Château was reborn with reverence. Genuine antiques were handpicked, 26 rich fabrics sourced, and paint shades meticulously matched to honour the original interiors.

A place to live like royalty while enjoying modern comforts.

1 70 tonnes of gravel poured, and the floors hand-finished by the family so every board whispers history, not haste.

2 The Château blends old-world grandeur with modern luxury, think heated pools, a jacuzzi, gym, and sauna for ultimate relaxation.

3 This isn't a stopover, it's an experience. For discerning travellers, memory-makers, and dreamers. Château de Vezins is your exclusive destination for a French escape.

"The property is nothing short of extraordinary It would take a book to describe it . The owners and staff were very gracious and accommodating .My 25 year old son said it was the best trip of his life and he has taken a lot .We used this week for a family reunion of sorts and it couldn't have been a better place. If you go make sure to take advantage of the private Chef. He prepared a 5 course fabulous gourmet dinner for 9 of us .We hope to return some day"

"We organize a family trip every year in France and rent a Chateau for the occasion, to discover each time a new region. This year, we booked Chateau de Vezins, and that was a great experience! The Chateau and the Park offer so many amenities to keep both children and adults busy – a pool, a jacuzzi, a gym with sauna, while the young ones jump on the trampoline or chase the beautiful peacocks and ducks in the French Garden. Inside there's so much space... while some are having a discussion in the living room facing the meditation garden, others are in the billiard room, or the TV room, or upstairs in the kids playroom.

We visited the Japanese Garden, a must see just 15 mins away and several Chateaux in the area. For the gourmet part we enjoyed a wonderful chef that came a few days to the Chateau and the covered market in Cholet. And of course we are in a wine region with many wineries to visit and sample!

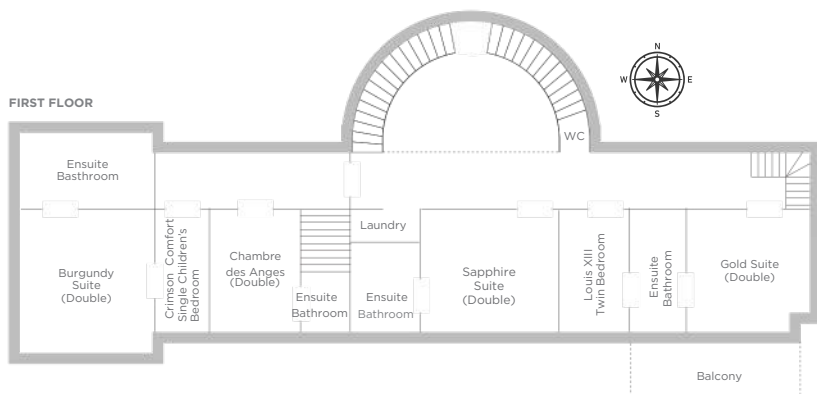

We had a wonderful time and the owner and staff were very welcoming and helpful – before, during and after our stay."
